

# JIC NFPA Calendar for 2017/2018

S. No	Code	Title	Dates	Registration Deadline	Registration Status
<b>NOVEMBER 2017</b>					
1	NFPA 20 & NFPA 25	NFPA 20: Standard for the Installation of Stationary Pumps for Fire Protection NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems	Nov 12 – Nov 16	<b>November 9</b> <a href="#">Register now</a>	Open
2	CFI 1	Certified Fire Inspector 1	Nov 26 – Nov 30	<b>October 23</b> <a href="#">Register now</a>	<b>Closed</b>
<b>DECEMBER 2017</b>					
3	NFPA 72	National Fire Alarm and Signaling Code	Dec 17 – Dec 21	<b>December 13</b> <a href="#">Register now</a>	Open
<b>JANUARY 2018</b>					
4	NFPA 1	Fire Code	Jan 07 – Jan 11	<b>January 04</b> <a href="#">Register now</a>	Open
<b>FEBRUARY 2018</b>					
5	CFPS	Certified Fire Protection Specialist	Feb 25 – Mar 1	<b>January 21</b> <a href="#">Register now</a>	Open
<b>MARCH 2018</b>					
6	NFPA 101	Life Safety Codes	Mar 18 – Mar 22	<b>March 14</b>	To be announced soon
<b>APRIL 2018</b>					
7	NFPA 13	Standard for Installation of Sprinkler Systems	Apr 29 – May 03	<b>April 25</b>	To be announced soon
<b>OCTOBER 2018</b>					
8	NFPA 20 & NFPA 25	NFPA 20: Standard for the Installation of Stationary Pumps for Fire Protection NFPA 25: Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems	Oct 21 – Oct 25	<b>October 17</b>	To be announced soon
<b>NOVEMBER 2018</b>					
9	NFPA 70 & NFPA 70E	NFPA 70: National Electrical Code NFPA 70E: Standard for Electrical Safety in the Workplace	Nov 11 – Nov 15	<b>Nov 07</b>	To be announced soon
10	NFPA 72	National Fire Alarm & Signaling Code	Nov 25 – Nov 29	<b>Nov 21</b>	To be announced soon
<b>DECEMBER 2018</b>					
11	CFI-1	Certified Fire Inspector 1	Dec 09 – Dec 13	<b>Nov 04</b>	To be announced soon

# JIC NFPA Calendar for 2017/2018

- The cost will be as shown in the below schedule & it includes student manual, a copy of the NFPA course material, a canvas brief case, refreshment & lunch during training sessions and a Certificate of Attendance:-

NFPA Offering Categories	No. of Participants (Company/Individual)	Fees (Saudi Riyals)
NFPA 1, NFPA 13, NFPA 72, NFPA 101, NFPA 20/25, NFPA 70/70E	5 or more	7,650
	3 -4	8,100
	1-2	9,000
CFPS , CFI I , CFI 2	5 or more	8,300
	3 -4	8,800
	1-2	9,500

- Those participants, who will pass the exam at the end of each code course will earn a Certificate of Educational Achievement.
- Those participants, who will pass the exam at the end of CFPS, CFI-1 & CFI-2 seminar, they will earn a Professional Certification. CFPS, CFI-1 & CFI-2 require pre-approved applications from NFPA for registered participant.

#### 4. Brief about NFPA Codes:

##### - NFPA 1 Fire Code Certificate Program – 5 day

NFPA 1 Fire Code, advances fire and life safety for the public and first responders as well as property protection by providing a comprehensive, integrated approach to fire code regulation and hazard management. It addresses all the bases with extracts from and references to more than 130 NFPA codes and standards including such industry benchmarks as NFPA 101, NFPA 54, NFPA 58, NFPA 30, NFPA 13, NFPA 25, and NFPA 72.

##### - NFPA 13 Standard for the Installation of Sprinkler Systems Certificate Program – 5 days

The industry benchmark for design and installation of automatic fire sprinkler systems, NFPA 13 addresses sprinkler system design approaches, system installation, and component options to prevent fire deaths and property loss.

##### - NFPA 72 National Fire Alarm and Signaling Code Certificate Program –5 days

NFPA 72 provides the latest safety provisions to meet society's changing fire detection, signaling, and emergency communications demands. Installation, location, performance, inspection, testing, and maintenance of fire alarm systems, supervising station alarm systems, public emergency alarm reporting systems, fire warning equipment and emergency communications systems (ECS).

##### - NFPA 20 Stationary Fire Pumps & NFPA 25 Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems – 5 days

NFPA 20 protects life and property by providing requirements for the selection and installation of pumps to ensure that systems will work as intended to deliver adequate and reliable water supplies in a fire emergency.

NFPA 25 is the baseline for inspection, testing, and maintenance of water-based fire protection systems. Compliance helps maximize system integrity to avoid failure and ensure fast, effective response in a fire emergency.

## JIC NFPA Calendar for 2017/2018

### - NFPA 101 Life Safety Code Certificate Program – 5 days

The Life Safety Code is the most widely used source for strategies to protect people based on building construction, protection, and occupancy features that minimize the effects of fire and related hazards.

### - NFPA 70E Standard for Electrical Safety in the Workplace & NFPA 70 National Electrical Code – 5 days

NFPA 70E requirements for safe work practices to protect personnel by reducing exposure to major electrical hazards.

NFPA 70 addresses the installation of electrical conductors, equipment, and raceways; signaling and communications conductors, equipment, and raceways; and optical fiber cables and raceways in commercial, residential, and industrial occupancies.

### - Certified Fire Inspector I – 5 days

The CFI-I Certified Fire Inspector I certification program was created in response to repeated requests by local entities, state agencies, and national organizations for certification programs founded on the NFPA 1031 Standard for Professional Qualifications for Fire Inspector and Plan Examiner, and other applicable NFPA codes and standards. These requests suggested that NFPA be the main catalyst and ultimate certifying body for such programs.

### - Certified Fire Protection Specialist – 5 days

The CFPS certified Fire Protection Specialist certification program provides the knowledge and proficiency required to ensure the highest level of fire protection. Certified Fire Protection Specialist is an internationally recognized credential recognized as a mark of achievement within the fire protection field for those who have responsibilities dealing with the application of fire safety, fire protection, prevention, and suppression technologies.
